SCHOOL OF LAW

1921-2021

What is UConn Law School doing to preserve our past?

- Curating oral histories
- Digitizing VHS and audio cassette recordings and Hartford College of Law minutes

- **Writing our history:**

From a six-student night school in rented rooms in downtown Hartford to the magnificent Gothic halls of the Elizabeth Street campus, the evolution of the UConn School of Law is an example of why “change is good.”

- **Archives formally established in 2000**

Documenting over 95 years of Law School history. Reflecting the academic work and social activities of the Law School community. We have Law School course catalogs, handbooks, newspapers, events, posters, photographs and other ephemera.
